

THAPELO FORTUIN

BSc Honours | Computer Science & Information Technology

084 249 1248 • Fortuinthapelo@gmail.com • www.linkedin.com/in/thapelo-fortuin • <https://thapelo-fortuin.github.io/ThapeloFortuin.github.io/>

PROFESSIONAL SUMMARY

Motivated and analytically driven BSc Honours student in Computer Science & Information Technology at North-West University, with a strong foundation in software development, database architecture, and systems design. Proficient in multiple programming languages, including Python, C#, Java, and SQL, with practical exposure to cloud platforms, data analytics tools, and API integration. Demonstrated ability to lead technical workstreams, collaborate across multidisciplinary teams, and deliver solutions under real-world constraints. Eager to contribute technical expertise and drive meaningful impact within a consulting environment.

EDUCATION

BSc Honours – Computer Science & Information Technology | North-West University, Potchefstroom Feb 2026 – Nov 2026

BSc – Information Technology | North-West University, Potchefstroom Jan 2023 – Dec 2025

National Senior Certificate | Vuyolwethu Secondary School, Kimberley Jan 2018 – Dec 2022

- Best Computer Applications Technology learner in Grade 12 (2022)
- 3rd best Mathematics learner in Grade 12 (2022)

EXPERIENCE

Java OOP Student Assistant | North-West University, Potchefstroom Feb 2026 – Jun 2026

- Supported undergraduate students in understanding core Object-Oriented Programming principles in Java, including inheritance, encapsulation, and polymorphism
- Facilitated debugging sessions and guided students through problem-solving strategies for coding assignments

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C++, C#, React JS, HTML, .NET
- **Database Systems:** Oracle, MongoDB, PostgreSQL, MSSQL, Azure Cosmos DB, SSMS
- **Data Analytics:** Power BI, MS Excel, MS Access, MATLAB, Databricks, Azure Data Analytics
- **Cloud & DevOps:** Microsoft Azure, Git, GitHub, Linux OS
- **Systems Design:** UML, EERD, Crow's Foot notation, Dimensional & Data Modelling
- **Soft Skills:** Communication, Presentation, Team Collaboration, Leadership, Technical Writing

PROJECTS

NWU Campus Connect – Full-Stack Web Application (Final Year Project)

- Co-developed a fully functional web application enabling NWU students to connect, share resources, and access campus activity updates
- Served as Database Design Team Leader, architecting the database schema and overseeing data integrity across the application
- Voluntarily assisted the backend development team with RESTful API implementation and integration
- Contributed to the Technical Writing team, producing system documentation and user guides
- Technologies: Responsive web design, REST APIs, relational database management

Car Dealership Management System – Systems Analysis & Design

- Designed and developed a complete dealership management system covering frontend GUI, backend logic, and database operations
- Implemented the relational database using MSSQL Server and wrote backend business logic in C#
- Contributed to GUI design using Visual Studio, coordinated version control, and team collaboration via GitHub
- Technologies: C#, MSSQL Server, Visual Studio, GitHub

Peer-to-Peer Text Messaging Application – Computer Networks

- Developed backend functionality for a real-time text messaging application as part of a network programming module
- Implemented communication protocols and message-handling logic using the .NET framework and XML
- Technologies: .NET Framework, XML, Visual Studio

ACHIEVEMENTS

- Best Computer Applications Technology Learner – Grade 12 (2022)
- 3rd Best Mathematics Learner – Grade 12 (2022)
- NWU Faculty Football Team Member (2023 & 2025)
